“ My beautiful niece, Aaliyah. I miss you so much already. My heart deeply hurts for you. I know you're pain free. I just wish I could of help you more.

My most cherish memory of you is your laughter, your beautiful smile. Our late night phone calls talking about the boys and how they are bad sometimes but makes us laugh. You are such a great mom and I love how you love your boys. Now you left two beautiful pieces of you to remind us of you. Karter looks so much like you and Khaza has that smirk just like you. I remember the nights you would spend the night at my apartment and we would make pizza and watch movies. I think you stayed with me for a few days until your mom said she wanted you home. You didn't want to go because you were having fun with me. I didn't want you to go but you had too.

You left a huge mark in my heart and you will never be far from my mind. I still see you when I close my eyes. Your beautiful smile and I can hear your distinguished laughter. I'm going to miss you so much but you left me so many great memories to look back on. Fly high my beauty and come visit me in my dreams. Don't forget to save a perfect spot for us when we see you again. Give Mikey a huge hug from me and tell him I love and miss him. For now it's a see you later and never goodbye ☐ love you for eternity ,Love Dala💕🐝
