“ I will miss the beans, tortillas, and chicken with fideo you would make for me when I would come in to town during the summer and breaks. You always made such delicious food! I got to know you really well over the last 6-7 years and I am so grateful for that time since my family moved around so much before that. Me and you were embroidery partners that one winter you spent with us in our forest. You were so creative and such a giving-person. You touched many lives and saw so much through the years as things changed and the years past us by. Grandma you were Simply the BEST!

I will miss you...Love, your granddaughter
