“ Beverly was truly a beautiful person with a beautiful heart. I learned from her that family doesn't always mean blood related. I was at the hospital lobby once gathered by family and friends. A neighbor i had issues with started telling me things and causing a scene. Beverly gets up and walks away. She went to go tell the security that he was bothering me. She had my back when she didn't have to. No one else said anything for me just her and on her own. I apologized to her if i ever offended her and i thanked her for defending me. We're still in shock and saddened by her loss. My condolences to her mom, babies n sisters and all her family and friends. She will be missed. I will miss her facetime calls and especially her laugh. I pray God blesses her with eternal peace.
