DS

“ *This office is just not the same without you.....You were one of a kind!  
Working with you at the Transportation Department has been a pleasure. You brought many laughs and left many memories in the short time that I knew you.  
As you would always say "we are here for the kids". That;s just how you rolled.  
Rest in Peace my friend.....we will take over from here* ”

Thelma  
Luna

“ *My condolences to the family of Mr. Flores. A kind man I had the honor of working with while I worked for Mercedes ISD. Always so helpful and caring about our students especially those using school transportation. He went out of his way in the name of keeping every student safe. You blessed many and I pray your family finds comfort knowing you're watching over them.*

*Respectfully,  
Thelma Luna*
