“ *To my family, my most sincere condolences to you all. I apologize I cannot be there to celebrate Grandma Flora's life. She was the most loving and caring woman and I am honored to be her grandson. There are many fond memories I have of her and I will always carry them with me, but the most recent and last memory I have of her was at her birthday party where we celebrated her 93 birthday. She was dressed so pretty and had the biggest smile on her face. She was happy. That's how I want to remember her. I will always cherish the conversations I had with her and her always telling me to stay close to God. She loved us all and I will always love her. I know she is made new and is rejoicing with the father. I also know she is with her loved ones who left before her. I will see her again one day, but until then, I will cherish my memories of her. Till I see you again mi abuelita. Te amo para siempre. Con mucho amor, Tu papa grande, Feliciano.*
