

Gerald B. Davidson

July 21, 1934 - September 5, 2024

Gerald "Jerry" B. Davidson, 90, entered into eternal rest September 5, 2024. Born July 21, 1934, in Lapeer, Michigan to Benjamin Dunlap and Vera Davidson, and was later adopted by his father, Harold W. Davidson. Jerry was preceded in death by his wife, Alice and his children, Victoria Grantz, Michelle Goff, and Patricia Patton. He is survived by his grandchildren, Rebecca Grantz, Stacey Clark and her husband James Clark, Carl Goff and his son Danny, and Matthew Goff and his wife Kim Goff and their children Maggie and Miles, as well as his sons-in-law, Larry Grantz and Daniel Goff.

After retiring from his job as a supervisor at Consumer Powers, Jerry and his wife moved to northern Michigan building a home on the Clam River and later moved to Harlingen, Texas where they loved sitting on their back porch watching golfers search endlessly for their lost golf balls. Jerry had a great sense of humor, and planted a golf ball up in the tree in his backyard and would ask searching golfers if that was their ball. The golfers were not as amused as Jerry was. Jerry and Alice were a true love story, having married when they were 16 (he was really 15, but lied so he could marry his sweetheart) and hardly spent a day apart from each other. They loved snowmobiling, spending time at their cabin in Meridith, Michigan, getting together with family, and traveling.

While we grieve Jerry's passing, we are celebrating that he has reunited with the love of his life and his three wonderful girls.

Per their wishes, Jerry and Alice will have their ashes interred in a Reef Ball

by Eternal Reefs and become a part of the nature they loved so much.

We love you Grandpa!!!!

Funeral arrangements under the direction and care of Rudy Garza Funeral Home of Harlingen Texas.
