“ I'm not really good at these things but there is just so much that i have to say about my Tio Julian that words can't even explain but I'll try. My Tio was a really amazing guy. He would always make me laugh everytime I was with him. I remember that him and my Tia Yesenia would always take care of me when I was younger. I learned so much from him. My Tio was the one that gave me the nickname "Little Man". He would give me advice, make me laugh, treat me as if I was his own son, and more. I really do wish he would of stayed here longer so I could have had one more good laughter with him. But lord knows that he is in a better place. I really do miss my Tio. He would always tell me the craziest stories that just amazed me. He taught me how to make a paper plane when I was a kid. He would always treat everyone with so much respect. I know that me and him and my cousins got really distant for a couple of years but I really wished that we didn't because i was so close to my Tio. I would always hang out with him and my dad and my cousins outside the front porch for hours. We would laugh and talk about the craziest things that just got us going. Tio if you're listening then I just want you to know that I love you so much. I'm sorry I didn't visit you more. I wish you were still here so I can hear your laugh one more time. May you rest in peace Tio. You have made such an impact in my life that I will never forget you. Thank you for being my Tio and for being my friend. I love you Tio Julian.

“ This is my good friend/amigo I have so many good memories of him, I don't know where to start. I can say this about Julian he is a man of his word. He would drop what ever he was doing to help you, and if he could not stop what he was doing as soon as he could he would be there to help you. He wasn't a man who expected or wanted anything in return. He was a fun guy to be with, smart and could fix just about anything, and he did not think twice about defending anyone when needed. I don't think you can find a better friend in Julian you just had to get to know him to understand him. Gonna miss you but I'll drink a 44once classic coke cola with very little ice for you, thanks for coming in my dreams last night it was good to see you with my dad and my son. Don't worry about your daughter you know me, Jap, and Mercedes will help take care of her.
