“ *Monica will be greatly missed. One of the things that impressed me about Monica was how smart she was. When she started at Cardenas she learned her duties right away. I could always count on her.. she was always on time, she was always smiling, she was dependable. It seems like a dream, but unfortunately she has left us. I pray for comfort and peace for her kids and family.* ”

“ I have so many great memories of my Beautiful cousin Monica. We shared the same name and were only a few years apart so we were always together as kids. Monica has always been a strong and beautiful person inside and out and when you were around her you couldn't help but to smile because she had such an infectious smile that would brighten up a room when she walked in. Monica you will forever be near and dear to my heart prima.

“ My deepest condolences to Monica's family! I met Monica while working at Cardenas we got to share some good times specially when we attended some workout classes. Not only did we exercise but we shared some stories and laughed so hard. Monica was a happy person always with a smile on her face and never complained. I will sadly miss my friend that I admire for who she was. I will continue praying for her children and family in these hard times. Thank you Martin Ramirez for loving Monica she loved you dearly.
