“ I regret that I never knew Travis when I attended Sci-Tech...now that he is in Heaven, I wish I had. I'm saddened that such a bright mind is no longer with us. My condolences to his family and friends for their heartfelt loss. Even though his time on Earth was short, his time with God is Forever.

“ I met Travis nearly 2 years ago when I still lived in Houston. I have to admit at first I didn't know how to take his personality. After his initial hello he told me a really offensive joke lol which would ultimately set the tone for the rapport that developed between us. He was certainly a force to be reckoned with. However, once you got to know Travis you realized that below his skin was a charming generous man who simply loved to make others happy. My hearts aches and I have struggled with news of his passing all week. I know now that it must be a little darker in the Heights without Travis' bright shinning light. To his family I extend my deepest sympathies and condolences. Find peace in the knowledge that Travis was embraced and loved by an entire community.

“ *Travis was always the kid you liked to have visit at your house. He was easy-going and polite and all the other kids got along great with him. He has loving parents who have loved him unconditionally, and I am proud to call him "nephew". Because we knew him and loved him, this loss leaves us feeling bewildered and hurt. Certainly, we are all better people for having known him. That is our blessing and perhaps his purpose in his life.*

“ *It pains, saddens, and surprises me to have to write these words. Travis was taken away from us far too soon but now is in a better place. Travis had an impact in my life from childhood at Treasure Hills to my Teens at Coakley Jr. High and through adulthood in one way or another. Never lacking in spirit! Always passionate about life and laughter! I will never forget you Travis. My deepest and sincerest condolences to his family and friends. I know with time the pain will lessen. Though that unforgettable spirit and smile that could be seen & felt anywhere he was will last for eternity.*

Thank you for saying the words I couldn't think of.

I've known Travis since we were in 1st grade together with Jason at Treasure Hills, through Coakley, him at Sci Tech and myself at Med High, and finally as Aggies. You will be terribly missed by many, my friend. My heart breaks for you and your family.

“ *Travis was a great friend. We shared some of the best and worst times together. He made me laugh but he also knew had to get under my skin too..... Haha. It took time for me to learn who Travis really was! What I learned was that he was an amazingly sweet guy! He was there for me during some of the roughest times and I was always there for him! I will miss you "Travie" !!*

“ *Oh, Robert, you will be missed. We all remember his endearing stutter, his attention to the elaborate, his affinity for fashion, the way he made fun of his love for food, his triumphs in softball and his opinion of our President (I forgive him for that – haha). It's difficult to write this and not choke up. That smile, that laugh. I will miss you, my friend.*
